

Join today and unite tomorrow to support YOUR provincial trade association CIAG of Ontario as they work towards:

-  The development and implementation of a **recognized** provincial shop accreditation and industry standards program.
-  Assistance for shop and skilled trades people to attain **provincial and municipal** certification approvals.
-  Offering support services to improve business and personal **growth and profitability**.
-  Developing **constructive** insurance and government liaisons to benefit the **future of collision repairers**.
-  **Monitoring legislation and industry trends** related to collision repair issues and generating provincial wide discussion to raise awareness and arrive at a mutual consensus amongst collision repairers across Ontario.
-  Working on behalf of consumers to **protect their best interests** in matters related to vehicular accidents, the towing of motor vehicles, business ethics and the safety and quality of collision repairs.

Anyway you look at it the **new**  **CIAG** is a good thing!

The **new** CIAG is the largest trade association in Ontario representing the best interests of collision repairers. Membership support justifies the means for the **new** CIAG to lobby government, insurers, and industry associates on important industry issues. Join today and unite for tomorrow.
